Press Release

Ambedkarite Party of India (API) formed on 14th April 2013^{CE} and granted registration by the Election Commission of India on 6th December 2013^{CE} is going to contest over 50 Parliamentary Seats in 7 States of India based on the *Ideology, Philosophy & Policy* of Ambedkarism. The States from where it shall be contesting general elections to the House of People (Lok Sabha) are **Maharashtra, Odhisa, Chhatisgarh, Madhya Pradesh, Rajasthan, Jharkhand, Andhra Pradesh (and Telengana if constituted)**. API shall also contest elections to Legislative Assembly of **Odhisa** from over 30 Assembly seats.

API - Ambedkarite Party of India is formed on the *Principles, Policies, Programmes, People, Personalities, Representation & Governance* based on Ambedkarism = Equality + Liberty + Fraternity + Justice + Dhamma [i.e. Universal humanism & morality; truth, science, rationality; welfare & well-being of all]. It was formed on 14th April 2013 and received registration from ECI on 6th December 2013.

It has declared "**radical, emancipatory, humanitarian Policy of human liberation & good**" as "**Policy of Ambedkarism**" in its 'Policy Document' named 'Dr. B. R. Ambedkar Plan of Individual, Society, State and Nation [DAPIS₂N]'. The 'Dr. Ambedkar Plan' is a Plan for creating Enlightened India i.e. PraBuddha Bharat in 21st Century which is just, modern, moral, progressive, prosperous, powerful, human & enlightened. No other socio-political organization, political party or even the Planning Commission of India has such a Plan for guaranteeing & fulfilling "*greatest good of the greatest number*" [Bahujan Hitay Bahujan Sukhay !] for *common good, public good and universal good* [Bhavatu Sabba Mangalam!]. While recognizing *individual good* simultaneously.

This Plan is neither a manifesto, nor a pledge paper but a "Policy Document" of Ambedkarite Politics, Government & Governance which is unparalleled in Indian history and the only "Solution" for the sufferings of Indians & problems of India. This 'Policy of Ambedkarism' is bounded upon API under its Constitution.

All the present policies are either brahmanical, status quoist or reformative which instead of annihilating caste & caste capitalism and abolish 'caste based socio-economic inequalities', maintain them, keeping India backward; People discriminated & deprived.

We are placing before the People of India this 'New Vision & Action' for the **reconstruction of India** as a 'Constitutional, Democratic, Developed, Scientific, Industrial, Urban, Modern, Humanitarian & Enlightened Nation.' We also acclaim that the 'Policy Document' is best in the country [and world] and no socio-political organization, or political party can match it in Indian Polity.

To us :

The 'Problem of Reconstruction of India' is to Make Her a 'Modern, Moral,

Industrial, Urban, Scientific, Democratic & Developed Nation' and Create an 'Ideal Democratic Society' by Annihilation of Caste and Caste Capitalism for realization of Constitutional Principles of Equality, Liberty, Fraternity, Justice and Humanism; so an Enlightened India can be created for an Enlightened World.

This is the task before 'We The People' for removing all our sufferings & problems in 21st century and make India happy ! Only Ambedkarism and Policy of Ambedkarism can achieve this. There is no other way for a real, fundamental & organic change.

API has decided to accomplish this great & noble task of making an 'Enlightened India' and appeals all people to join in this national endeavour of "real freedom of people" and "reconstruction of India [and World]."

API shall be conducting "**Independent Politics**" as new politics or "Ambedkarite Politics" based on all the above under its Constitution, 'Dr. Ambedkar Plan of Individual, Society, State and Nation [DAPIS2N]' for making "Ambedkarism" successful and create a 'New India' which is 'Constitutional, Democratic, Developed and Enlightened.'
